

**HSA Class Action  
Update – May 30, 2017  
Bulletin #6**

Following the issuance of Reasons for Judgment by the British Columbia Court of Appeal, there was a disagreement between counsel over the terms of the Court's formal order.

The Court of Appeal received additional submissions and, on May 24, 2017, issued a Memorandum to counsel confirming that the order should be in the form proposed by the lawyers for Mr. Hensman and Ms. Watt.

This now allows us to move forward to seek the Court's approval of the form of notice that will be mailed to potential class members (referred to as the opt in / opt out notice).

Once the form of the notice has been approved by the Court, in addition to mailing a copy to each potential class member, we will also put a copy up on this website.
